EDITORIAL DESK

Dear Readers,

As we sail through the seas of academia, we often find ourselves in uncharted waters, facing waves of assignments, deadlines, and the ever-present question of "What's next?" It's easy to get lost in this vast ocean of knowledge, but fear not; there is a guiding star that can illuminate our path through these academic waters - purpose.

College is not just a place for acquiring knowledge; it's a transformative journey where we discover who we are and who we want to become. Our education is more than just the sum of textbooks and lectures; it's an opportunity to shape our values, hone our skills, and build lifelong friendships.

Every day on campus, we are presented with countless choices: which major to pursue, what clubs to join, how to balance academics with social life, and what goals to set. These choices can feel overwhelming, and it's easy to get caught up in the whirlwind of expectations. It's during these moments of uncertainty that we must remind ourselves of our purpose.

Purpose is your North Star, your unwavering guide through the fog of indecision. It's not always easy to identify, and it can evolve over time, but it's crucial in keeping you on the right course. Your purpose might be to become a trailblazing scientist, a passionate healthcare provider, a passionate advocate for social justice, or simply a well-rounded individual who is deeply curious about the world. No matter what it is, your purpose gives meaning to your academic journey.

**WARM REGARDS,
PROF. PALLAVI BHAIRAM
ASSISTANT PROFESSOR

CRICKET WORLD CUP

The 2023 ICC Men's Cricket World Cup was the 13th edition of the Cricket World Cup, a quadrennial One Day International (ODI) cricket tournament contested by men's national teams and organised by the International Cricket Council (ICC). Ten national teams participated in the tournament, which was hosted by India. It started on 5 October and concluded on 19 November 2023, with Australia winning the tournament. India came out as the most favorites with home ground advantages and currently in form team. It was a dream run of 10 lossless matches which ended in a sad final match loss to Australia making them runner ups in the tournament. All the players were great throughout the tournament, our well wishes are always with the players to come out as champions in the T20 world cup next year. The small positive for India on the final day was Virat Kohli grabbing the Player of The Tournament for his exceptional anchoring role throughout victories.

UTTARAKHAND TUNNEL RESCUE

The rescue operation at the Silkyara tunnel collapse site where 41 workers have been trapped since November 12 has reached the final stage.

NDMA official Lt General Syed Ata Hasnain addressed a press conference on Thursday and said that both the 41 workers trapped inside the Silkyara Tunnel in Uttarkashi and the rescue team deployed there are at risk, pointing out that expecting the rescue work to be finished in two hours "puts pressure" on the workforce. Uttarakhand Chief Minister Pushkar Singh Dhami tweeted a video where he was seen speaking to the workers trapped in the Silkyara tunnel in Uttarkashi. He told them that they would be rescued soon and only 10 metre's were left to drill.

The boring operation to create an escape passage for the trapped workers resumed last night, with rescuers successfully placing broad pipes up to a depth of 45 meters through the debris. The rescue work faced a hurdle on Wednesday night after iron bars blocked the passage during drilling. This happened after 6 pm when an escape pipe of up to 44 meter's was inserted into the debris via horizontal drilling. Rescuers have to drill up to around 57 metres in total to reach the trapped workers who have been stranded on the other side of the rubble.

KIMO AI COMPETITION

On November 28th, an examination named KIMO (Knowledge Incentive for Modern Outlook) a Dutch Company was conducted, witnessing an impressive turnout of students participating in the event. We extend our heartfelt congratulations to Kunal kumar for this outstanding achievement! His hard work, commitment, and perseverance have rightfully earned him the prestigious first position in the KIMO examination.

As a token of recognition for his remarkable accomplishment, Kunal Kumar of 5th semester CSE has been awarded a prize of ₹5,000. Rest of Top 10 Winner will be getting Consolations.

DIWALI MILAN 2023

Diwali Milan was a small meet of faculties for celebrating Diwali ...the festival of lights, joy and happiness. The event was celebrated with prayers, lamp lighting and a Diwali oath. The event had a pinch of cultural programs by students. It had some fun and light activities which helped people escape from day - to - day stress and busy schedule. The event was a complete pack of joy and light and it filled every member attending the event with lots of energy and enthusiasm

PROJECT PRESENTATION

On November 24th, an insightful and engaging event took place as the 7th-semester students showcased their culmination of hard work and dedication through their project presentations. The event was a platform where students from various disciplines shared their innovative and thought-provoking projects.

Courses Offered

ENGINEERING

- **B.Tech.** - Civil / Computer Science / CSE (AI) / CSE (AI & ML) / Electrical / ET / Mechanical Engg.
- **M.Tech.** - Computer Science / Thermal
- **Polytechnic** - Civil / Electrical / Mechanical

SCIENCE, COMMERCE & MANAGEMENT

- **BBA** • **BCA**
- **B.Com.** (Computer Application)
- **B.Sc. Biotechnology** (Botany & Zoology)
- **B.Ed.** • **PGDCA**

* Subject to approval of the Regulatory Body.

PHARMACY

- **D. Pharma** • **B. Pharma** • **M. Pharma***

Why Vikash Group?

Strong academic interactions and exchanges for the benefit for the students and the faculties.

Facilities for technology incubation and innovation management.

Promote techno-entrepreneurship.

Curriculum innovation commensurate to technology changes.

Produce high quality, professionally well prepared human resource in engineering and technology disciplines.

Promote all round development of students & create a sense of social responsibility.
